Adam Brandenburger holds appointments at New York University as J.P. Valles Professor at the Stern School of Business, Distinguished Professor at the Tandon School of Engineering, Faculty Director of the NYU Shanghai Program on Creativity + Innovation, and Global Network Professor. He was a professor at Harvard Business School from 1987 to 2002. He received his B.A., M.Phil., and Ph.D. degrees from the University of Cambridge. Adam researches in the areas of game theory, information theory, and business strategy.

Appointments

2017-present

Global Network Professor, New York University

2016-present

Affiliated Faculty Member, NYU Shanghai

2014-present

Distinguished Professor, Tandon School of Engineering, New York University

2013-present

Associated Faculty Member, Center for Data Science, New York University

2002-present

J.P. Valles Professor, Stern School of Business, New York University

1998-2002

Class of 1958 Professor, Harvard Business School

1996-1998

Professor, Harvard Business School

1992-1996

Associate Professor, Harvard Business School

1987-1992

Assistant Professor, Harvard Business School

Education

1986

Ph.D. in Economics, Churchill College, University of Cambridge

1982

M.Phil. in Economics with Distinction, Trinity College, University of Cambridge

1981

B.A. Double First in Natural Sciences and Economics, Queens' College, University of Cambridge

Teaching Experience

Creativity Considered (elective undergraduate course, NYU Shanghai)
Introduction to Game Theory (elective undergraduate course, NYU Shanghai)
The Strategist (elective MBA and EMBA course, Stern School of Business, J-Term course, NYU Shanghai)
The Project (elective MBA course, Stern School of Business)
Game Theory (elective MBA and EMBA course, Stern School of Business)
Business Strategy (core MBA course, Stern School of Business)
Changing the Game (elective MBA course, Harvard Business School)
Game Theory (doctoral course, Harvard Business School)
Seminar in Business Strategy (doctoral course, Harvard Business School)
Competition & Strategy (core MBA and executive course, Harvard Business School)
Engineering Sciences 201 (Faculty of Arts and Sciences, Harvard University)
Engineering Sciences 207 (Faculty of Arts and Sciences, Harvard University)
Managerial Economics (core MBA course, Harvard Business School)

Recent Invited Talks

- "Using Proof-of-Work to Coordinate," keynote talk at Game Theory Conference, University of Shanghai for Science and Technology, September 2018.
- "Strategy Needs Creativity," distinguished scholar lecture at Southern University of Science and Technology, Shenzhen, June 2018.
- "Strategy Needs Creativity," leadership workshop at Schwarzman College, May 2018.
- "Epistemic Game Theory," Tsinghua University, May 2018.
- "Strategy Needs Creativity," keynote talk at 2017 Global Cre8 Summit, Shenzhen, December 2017.
- "Where Do Great Strategies Really Come From?" *Strategy Science* workshop, Apple University, September 2017.
- "Epistemic Game Theory" and "Normalization Models: Normative Foundations," NYU Shanghai Neuroeconomics Summer School, NYU Shanghai, July 2017.
- "Strategy from Creativity," keynote talk at AMT Quarterly Partners Summit, Shanghai, April 2017.
- "The Father of Singularity: A Case Study in Creativity and Innovation," public talk, East China Normal University, March 2017.
- "Mentoring," invited talk at Entrepreneurs' Organization Accelerator APAC Mentorship Summit, Shanghai, February 2017.
- "Your Idea Is, Of Course, Crazy," keynote talk at Global Cre8 Summit, Shenzhen, October 2016.
- "Epistemic Game Theory: Language and Observation," public talk, NYU Shanghai, October 2015.
- "Entropy and Simulation of No-Signaling Models," inaugural lecture at Institute for Quantum Social and Cognitive Science, University of Leicester, October 2015.
- "Entropy and Simulation of No-Signaling Models," at Logic Colloquium 2015, University of Helsinki, August 2015.
- "Game Theory," NYU Shanghai Neuroeconomics Summer School, NYU Shanghai, July 2015.
- "Formal Methods," keynote talk at Vienna Conference on Strategy, Organizational Design, and Innovation, University of Vienna, June 2015.
- "Epistemic Game Theory: Language and Observation," at 8th Pan-Pacific Conference on Game Theory, Academia Sinica, Taiwan, May 2015.
- "Deriving the Qubit from Entropy Principles," at Conference on Quantum Probability and the Mathematical Modelling of Decision Making, Fields Institute, University of Toronto, March 2015.
- "Deriving the Qubit from Entropy Principles," at Workshop on Correlated Information Change, University of Amsterdam, November 2014.
- "Epistemic Game Theory," at 2014 China Meeting of the Econometric Society, Xiamen University, China, June 2014.

Fellowships/Honors

2017

Fellow of the Game Theory Society

2008

NYU Stern Teaching Excellence Award

2006

NYU Stern MBA 2006 Professor of the Year

2004

Fellow of the Econometric Society

1985-1987

Research Fellowship, Churchill College, University of Cambridge

1983-1985

Harkness Fellowship

1981

College Prize and Foundation Scholarship, and University Wrenbury
Scholarship in Economics

1979

College Prize and Venn Prize in Natural Sciences for top College Natural
Sciences Tripos result

1978

Open Scholarship to Queens' College, University of Cambridge

Doctoral Students

Raja Panjwani, New York University, current

Elliot Lipnowski, New York University, PhD 2016, University of Chicago

Sandy Yu, New York University, PhD 2015, University of Minnesota

Shellwyn Weston, New York University, PhD 2013

Natalya Vinokurova, New York University, PhD 2012, University of Pennsylvania

Andrei Savochkin, New York University, PhD 2012, New Economic School, Moscow

Andrea Prado, New York University, PhD 2011, INCAE, Costa Rica

Matthew Grennan, New York University, PhD 2010, University of Pennsylvania

Konrad Grabiszewski, New York University, PhD 2008, University of Miami

Amanda Friedenbergl, Harvard University, PhD 2003, Arizona State University

Terence Burnham, Harvard University, PhD 1997

Hong Hu, Harvard University, PhD 1996

Harborne Stuart, Harvard University, PhD 1992

Selected Service

Faculty Director, NYU Shanghai Program on Creativity + Innovation (PCI)

Member, NYU Shanghai Fellowships Committee

Member, NYU Shanghai Neuroeconomics Colloquium Organizing Committee

Member, NYU Shanghai Study Away Committee

Member, NYU Stern Senior Faculty Peer Review Committee

Member, Scientific Oversight Committee, Center for Information and Bubble Studies,
University of Copenhagen

Co-Area Leader, NYU Shanghai Economics, Spring 2017

Member, All-University Graduate Program Committee, NYU, 2014-2016

Vice Dean for Innovation, NYU Stern School of Business, 2011-2014

Co-Coordinator, Economics PhD program, NYU Stern School of Business, 2006-2011

Chair and Member, Schoolwide Promotion & Tenure Committee, NYU Stern School of
Business, 2003-2009

Chair, Business Economics PhD program, Harvard University, 2000-2002
